# Foreword

With the closing of the 1957-1958 school year, seventy names have been added to the list of one hundred and twenty-three alumni who have been graduated from the new Cocalico Union High School building.

During the three years we have spent at C. U., we have gained new friends, knowledge, and memories which we will cherish through the years.

Just as the late nineteenth century is known as the "gay nineties", and the period three decades ago as the "roaring twenties", we feel that our high school years will be remembered as the "rock and roll" era.

With this in mind, we believe it is appropriate to use rock and roll as the theme of the 1958 Ko-Ka-Le-Ko. We hope that it will help us to retain memories in years to come.

## *Dedication*

We, the class of 1958, gratefully dedicate this edition of the Ko-Ka-Le-Ko to Lester Eugene Hoffmaster.

As adviser in our sophomore year, he willingly devoted much time and effort to aid our class. Through his help, especially with our soup sales, we, as a class, learned to work together, as well as to have fun together.

His contribution goes beyond the classroom because he has given more than just his knowledge; he has given of himself, too. Besides teaching biology, he has served ably as an adviser to the Hi-Y Club, as an officer of the Lancaster County Science Teachers Association, as a teacher in his Sunday School, and as a devoted father.

Mr. Hoffmaster, we show our sincere appreciation by dedicating this year-book to you.

## *To the Class of 1958:*

The startling emergence of knowledge, during the past decade, in almost every field of endeavor, should bring to us a measure of satisfaction as well as a realization that the schools of our country have been and must continue to be the foundation for producing men and women of thought and action.

The competition for leadership among individuals as well as among nations has become keen. We dare not shrink from our responsibility to provide the facilities and the personnel to educate to the fullest the tidal wave of students who will clamor for admission to our public schools and colleges. There is no other way to maintain our position of trust and leadership in a confused and disturbed world.

You and the graduating classes from other high schools and colleges are the material from which leaders and specialists in many fields of endeavor must be chosen. Make the most of your opportunities and abilities so that you can be called worthy of the community, state and nation which provides such unlimited opportunities for its citizens.

*John P. Krick.*

# Class History

The class of 1958 began its first year of high school in the fall of 1954 in two separate buildings. Forty-four students attended East Cocalico High School, with Mr. Harold Wentzel as adviser. Those elected to serve as officers were Gladys Albright, president; Dixie Burkholder, vice president; Judy Sotter, secretary; and Connie Hoffmaster, treasurer. In order to raise money, the class sponsored a soup sale, a roller skating party, and a record hop. A Hallowe'en party and a trip to Hershey highlighted the freshman year at East Cocalico.

At the same time, seventy freshmen attended Denver High School in three separate homerooms. The homeroom teachers were Mr. Paul Bucks, Mr. Ralph Lutz, and Miss Jane Daily. The latter also served as adviser. Philip Hornberger was elected president; Lois Burkholder, vice president; Betty Meckley, secretary; and Donna Wolf, treasurer. Activities for the year included a hayride and a Valentine dance.

Our sophomore year was our first year together as a class and also our first year in the new high school building. Learning to know new classmates came easily for most of us. In addition to the members of our class who had attended East Cocalico and Denver in ninth grade, six students from Adamstown, who had attended Governor Mifflin High School, joined us. We were ninety-two strong and were divided into three homerooms — that of Mr. Paul Bucks, Mr. Lester Hoffmaster, and Mr. Robert Hill. Officers for the year were Gladys Albright, president; Glenn Beard, vice president; Lois Burkholder, secretary; and Connie Hoffmaster, treasurer. After navy blue and white were chosen as class colors, jackets were ordered in these colors. None of us will forget the hours spent on biology projects, dissections, drawings, and collections. Looking ahead to the future when we would need money for the prom and a class trip, we sponsored soup sales throughout the year. Under the direction of our hard-working adviser, Mr. Lester Hoffmaster, we spent many unforgettable hours making and peddling soup. A Christmas party held in the Denver Elementary School and a fishing trip to Indian River, Delaware, were among our other activities.

We felt more at ease after having spent a year together, and as Juniors in the fall of 1956, we elected the following officers: Barry Emes, president; Nevin Rutt, vice president; Donna Wolf, secretary; and Dianne Showalter, treasurer. The first class activity was a dance held on October 24. For the first time in the history of Cocalico Union, the Junior Class per-

formed a play, "For the Love of Pete", on February 9, 1957. A skating party was sponsored on March 11, and another dance was held on March 8. Class rings were ordered and received. The big event of the year was the annual Junior-Senior Prom. To music played by the "Blue Notes", the Juniors and Seniors danced in the gym which was appropriately decorated for the theme, "Cinderella's Ball". Following the prom, the guests attended a post-prom party, "Club Calico", sponsored by local civic organizations in the Ephrata Legion Home.

Finally, after eleven years of school life, we became Seniors. We chose Barry Emes to serve as class president for the first semester and James Gehman for the second semester. Nevin Rutt served as vice president, LaVerne Wenger as secretary, and Connie Hoffmaster as treasurer. The blue-tipped carnation was selected to be the class flower. One of our biggest money-making projects was selling refreshments at football and basketball games. Dances were sponsored on November 2 and December 7. January 13 was the date of our roller skating party at Sinking Spring. This year we had two unexpected interruptions during the middle of the year — the two blizzards of 1958 were the worst we had ever remembered.

Early Friday morning, March 28, we left Denver for a day in Washington, D. C. Highlights of the trip were tours of the White House, Bureau of Printing and Engraving, F. B. I. Building, Capitol, Art Museum, and an unplanned visit to the airport. Our trip to New York on May 2 included tours of the United Nations Building and Radio City, plus a trip around Lower New York. Members of the class were given the opportunity to order class pennants in the class colors, navy blue and white, name cards, and commencement announcements. The most important social event and one of the highlights of our senior year was the Junior-Senior Prom on May 9. The Juniors planned the event for the Seniors with the theme "In a Spanish Garden". "Club Calico", the annual post-prom party, concluded the big night.

Rev. Harold Minnich spoke for our Baccalaureate Service in the auditorium on May 25. The event to which everyone looked forward was, of course, Commencement. The speaker for Commencement, on May 28, was Dr. D. L. Biemesderfer, President of Millersville State Teachers College.

We, the seventy members of the class of 1958 of Cocalico Union High School, will always remember and cherish our high school days.

Included in the activities sponsored by the Student Council throughout the year were a Christmas Dance, Career Day, Sir Valentine Contest, and Field Day. Pennants and booster badges were sold during basketball season to raise money and to promote school spirit. Two delegates represented the school at the County Convention. Representatives were present at a Driver Education Conference and a Youth Code meeting during the year. The Council set up a dance schedule at the beginning of the year, and distributed posters and signs on the bulletin boards in the school. Members of the Council served as guides for Open House in March. Through the efforts of the Council, outsiders were permitted for the first time to attend school dances, provided their names were submitted in advance. The Council helped plan Youth Day, although because of the snow storm, the Youth Day elections had to be cancelled. The Council arranged to have a girls' intra-mural softball program for 9th through 12th grades.

## *Eagle Staff*

The capable and efficient Eagle Staff, characterized by unusual energy and interest in their work, produced the best paper ever seen at C. U.

During the year the Eagle was compiled and edited by Gladys Albright and Louise Leshner. Six editions were published under the direction of a very enthusiastic adviser, Miss Edith Strohl.

The members of the Eagle Staff went on field trips to WGAL - TV and the Lancaster New Era.
